

PRESS RELEASE FOR TETER ORGANIC FARM CAMP SUMMER 2019

Subject: A unique summer day camp experience in Hamilton county! Unplug and learn about nature.

Summary: Are you looking for an engaging way for your child to unplug, learn about nature and farming, and play outdoors? **Teter Organic Farm Camp** is a unique summer day camp experience for campers ages 7-11. Campers will spend a week immersed in the natural world at Teter Organic Farm. Campers will learn how their food is grown, get their hands dirty with ecology lessons, hands-on farm tasks, and have some good old-fashioned outdoor fun.

Details: Studies suggest that outdoor play is beneficial for a child's brain development and physical health. Our curriculum combines outdoor play with hands-on learning that incorporates Indiana State Educational Standards. Children will learn about soil science, plant biology, ecosystems, food insecurity, insects, and much more! We are committed to providing your camper with a safe and high quality summer experience.

Campers will:

Go deep: Explore the treasure of the soil and observe the ecosystems that work together on a farm.

Keep it real: Plant, weed, harvest vegetables and care for our chickens. Prepare the harvest for market.

Complete the cycle: Follow the food from field to fork by preparing a healthy meal to share with family.

Meet friends and foes: Learn about pollinators and other beneficial insects, and what to do about "bad bugs."

Learn from the pros: Work as a team to interview real farmers, a beekeeper, compost expert, and more.

Keep it fun: Grow friendships, hike in the woods, play outdoor games, and share stories.

Location: **Teter Retreat and Farm is a beautiful 120-acre property nestled along a bend in the White River in Noblesville, Indiana.** Forested walking trails border the White River and provide a beautiful backdrop for a camp experience. The property also contains grassy areas, a picnic shelter, play structure, basketball court, volleyball court, outdoor stage, meeting lodge, cabins, and an educational garden. Address is 10980 East 221st St., Noblesville IN 46062

When: For summer 2019, we will be offering two 5-day camp sessions.

Session 1 is from June 10-14, 2019 and Session 2 is June 17-21, 2019

9:00 am - 3:30 pm (Pre-care is 7:45 - 9:00 ; After-care is 3:30 - 5:30)

Cost: **Starts at \$180 / Week (5 Days)** (Pre-Care / Aftercare available for additional charge)

What: Outdoor summer day camp with a focus on unplugging and learning about nature and agriculture.

Ages: For campers ages 7-11
